

ROB STEO, PILOT LEFT WING

Rob Steo resides in Monroe Township, New Jersey, and is a captain with American Airlines. A graduate of Manhattan College and a former Air Force jet pilot, Rob has seen the world a couple of times over, with more pilot hours logged than he cares to admit.

Rob flies with the GEICO Skytypers on the weekends to hang out with the guys, keep his skills sharp, and have more fun than most people dream. Rob is a Brooklyn native, loves skytyping over his old stomping grounds, and can still remember the "COPPERTONE" ad the Skytypers displayed over 30 years ago.

Rob recently stated that he would someday like to fly a F4U Corsair.
